

UIC University of Illinois at Chicago

Department of Psychiatry

Audience: Psychiatrists, Neurologists, and other affiliated professionals interested in mental health

Purpose: To provide current information on research, treatment, and policy issues relating to psychiatry and its adjunct fields.

Clinical Case Conference

Integrating Evidence-Based Approaches to Meet the Needs of Vulnerable Urban Families

Objectives:

1. Explore how flexibility in evidence-based manual application can increase engagement and improve treatment outcomes.
2. Discuss ways in which a systems of care framework can supplement evidence-based manuals.
2. Consider how including multiple systems within the therapeutic process may enhance therapy services/.

**Presenters: Ginny Griffin, Rhapsody Mason,
and Sarah Peterman**

**Moderators: Nicole Lee, LCSW and David
Simpson, LCSW**

Wednesday
February 10, 2010
1:00 – 2:00 PM
